NEWS OF THE VICINAGE.

Col. D. G. Colson's trial is set for April 17 at Frankfort.

The fiscal court of Pulaski has raised the poll tax to \$1.50.

William R. Casey was found dead in his room at Springfield.

Corbis is to have a brick hotel, modern in all of its appointments.

Thomas C. Tadlock died at his home in Danville, of consumption, aged 46.

Miss Lillie Petters has been appointed postmaster at Onelda, Clay county.

A postoffice has been established at Chester, Laurel county, and Joseph S. Fouts appointed postmaster.

County Attorney Shadon, of Pulaski, stopped a proposed glove contest at the opera house in Somerset.

Somerset people are thinking about connecting South Somerset and Somerset proper with an electric car line.

Mr. Gilbert wants Mrs. C. A. Harding appointed to a position in the census department and she will likely be.

Cal Logston, a Pittsburg blind tiger man, was fined \$2,000 by the court at London for numerous offenses in his line.

The Somerset Banking Co., Curd & Smith, R. A. Johnson and the Somerset Water Co., have sued the town of Somerset for \$4,700, amount of vouchers held by them.

Mr. Gilbert introduced a bill to pay J. H. McBrayer, of Lawrenceburg, the sum of \$3,240 in payment for corn, hay and other farm products taken from him by the Federal troops during the civil war.

M. H. Steele, who was confined in jail at Frankfort, charged with shooting W. C. Foster, was released on bond of \$500, furnished by Foster's brother, Dr. A. C. Foster, and Capt. Ed Parker, of London.

The Mt. Vernon Signal says that a spring on Mrs. Mary Pittman's place, which for 75 years gave the purest of water, is now filled with a fluid resembling buttermilk and even stock will not drink it.

C. E. Lackey, of Middlesboro, convicted of bribing Negro voters to stay away from the polls, was fined \$1,000 by Judge Evans and given seven months' imprisonment. His attorney sued out a writ of error and he was released on \$2,500 bond.

The trustees of the Barbourville Baptist College have purchased of Jno. A. Black the Queen City Hotel building and four acres of land. The hotel will be used as a dormitory and a large brick building will be put up for college use.

Pulaski's sheriff has turned in 1,400 delinquent tax payers and the P. H. Journal asks the pertinent question: Is it possible that there are 1,400 voters in Pulaski who have not a dollar's worth of property? No wonder the county is overwhelmingly republican.

HUSTONVILLE.

It is said that the cold snap of the last few days is the coldest known, for this time in March, for 21 years.

A protracted meeting, conducted by Rev. John Edwards, of Louisville, will begin at the Presbyterian church Friday night.

The little 11 year old son of J. W. Badgett, who was accidentally shot, is doing nicely, and the doctors have some hopes for his recovery.

The Coral Builders, under the direction of Misses Lena Yowell and Mary C. Carpenter, are preparing a special program for Easter Sunday.

Mrs. Alice Lusk has returned after an extended visit in Baltimore. Her daughter, Mrs. Wm. C. McAfee, came with her. C. L. Holmes "Sundayed" here as usual. Miss Bettie Logan is in Cincinnati. Mr. and Mrs. J. Roy B. Rose left for Middlesboro Sunday. Dr. Hawkins Brown has been ill for several days.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only internally acting cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Catarrh Pills are the best.

The snow in some parts of Pennsylvania was 17 inches deep.

LANCASTER.

Miss May Hughes punctuates your telegram as follows: It was "and," I said, not "or." Is this correct? (Yes sir.)

Chief of Police Pierce took Frank Drye, colored, before Judge Brown on the charge of playing craps, and he was fined \$23.

Messrs. T. M. Arnold and John King have lost 23 cattle, which died of black leg, death resulting in each case within 24 hours after they became afflicted.

Mr. H. C. Carlton has contracted to build a residence for G. S. Gaines. Dr. Acton has moved into his new residence. Allen Aldridge has a newly born son named for Gov. William Goebel.

Miss Elvirie, age 14, daughter of Mr. and Mrs. J. G. Burnside, died Friday after intense suffering, of putrid sore throat. A large crowd attended the funeral and burial at Paint Lick, on Sunday forenoon. She was a member of the Presbyterian church and a bright, amiable and lovable girl. The sincere condolence of the community is extended to the bereaved parents.

An Ohio paper devotes nearly two columns to a sketch of the venerable Hugh Bell, who died recently in his 86th year. He was well known here, especially by stock men, having frequently visited this county during the past 30 years to purchase fine cattle, of which he was a great admirer. When on these trips he would stop with Capt. T. A. Elkins, who became much attached to him.

Prof. Edward Hollev, of Georgetown, was at Maples Sunday. Squire W. H. Kinnaird has been to Middlesboro. Mrs. L. Y. Leavell has not been well for a few days. A. T. Anderson is clerk at W. B. Burton's stables. H. B. Northcutt has established a branch store at Danville. Ed Minor is looking for a site here to build a large flour and planing mill. R. E. Hughes & Co. are preparing to publish a book entitled "That Kentucky Campaign," which will contain a graphic description of our late troubles from the beginning.

In the circuit court Friday, Isalah Faulkner, Jr., colored, confessed to the offense of stealing cattle from Tram and Tom Conn, on two occasions, and he was sentenced to the penitentiary for two years in each case. Eliza Reid, a notoriously bad character, was given three years for stealing \$64 from Bob McSpaddin, a highly honorable and trustworthy colored porter at the Simpson House. These make five penitentiary sentences in five days. Judge William Beckner, of Winchester, filed a demurrer to the petition which seeks to recover \$10,000 off the bond of Ginn & Co., publishers, for discriminating in the price of school books. After elaborate argument by him, and by Williams and McMurtry, for plaintiff, the court sustained the demurrer and expressed the opinion that only actual damages, if any, could be recovered. Judge Beckner has evidently changed his views, as he favored the law and the bond in his speeches, while he was canvassing against the democratic ticket, during the last campaign. In the case of John Smith against Mrs. Sallie Ballard, for \$20,000 damages, L. F. Hubble for defendant, made an argument for a change of venue, which was opposed by Fomlison, Rothwell and Swinebroad, after which the court over ruled the motion. The people are anxiously awaiting the decision of the court on the validity of warrants that were issued against parties for the illicit sale of whisky, as it is likely that the question whether or not local option prevails here, will necessarily be decided at that time. But no fears should be entertained, as it is not believed that the board of city council would grant license even if the law is inoperative. It is believed, however, that another vote will be taken on the question, and if this should be done, the majority will vote against the sale of whisky. It can be proved by a number of old and worthy citizens that there is not half so much crime committed now as there was under the license system. There is more talk over one drink now than there was over 100 under license then, and that is what misleads some people. The law brings the crime out, as darkness causes the stars to shine. Six men have quit drinking, who drank more than 300 average men; yet no law prohibits anything in toto.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

A DELIGHTFUL TRIP.

MR. AND MRS. J. S. RICE TAKE A TOUR OF THE SUNNY SOUTH.

Writing from Tampa, Fla., Mr. Joe S. Rice says in a private letter to the business manager of this paper: We left Cincinnati on the C. H. & D. fast line at 12:20 P. M. the 5th and arrived at Chicago at 9:30 P. M. after passing through a terrific snow and sleet storm, our train being completely covered with ice. We found 10 inches of snow at that point and the weather very cold. After a night at the "Grand Pacific" we assembled the next day at Dearborn Station, where we boarded the special train on the C. & E. I. consisting of eight Pullmans, one baggage car and two diners, vestibuled throughout, and said to be one of the hand-somest trains ever sent out from that station. Two excellent meals were served before arriving at Evansville, as you will notice from the bill of fare, which I enclose you.

At Vincennes, Ind., we received a telegram from Col. W. F. Sheridan, stating that he would join us at Evansville, at which point he and Assistant Superintendent Dunn did so and escorted us over the L. & N. to Nashville. We were delighted to see our old friend again and he wished to be remembered to all his friends in Stanford. We made the run over his division in four hours, which is 30 minutes faster than their fastest train makes it. We ran in one spur 31 miles in 32 minutes and averaged 50 miles per hour.

We arrived at Chattanooga for breakfast, where a committee from the chamber of commerce met us and gave the party a carriage ride to Chickamauga Park. Missionary Ridge and Lookout Mountain, which consumed the entire day. We passed over the W. & A. to Atlanta the next day and were shown the historic battle grounds, which were numerous on that line of railway.

At Atlanta, we were met by a delegation of passenger men and shown every attention. Convention was held at this point and all points of interest visited. I mailed you a copy of the Constitution, giving proceedings of the convention.

We arrived at Miami, Fla., Sunday morning without accident and stopped at the "Royal Palm," one of the finest hotels in the State. It is owned by Mr. Flagler, of the Standard Oil Co., and is magnificent in every respect, having accommodations for 800 guests. We had strawberries, fresh vegetables and other luxuries. We left Miami Sunday and spent Monday at Palm Beach, where Mr. Flagler has two more large hotels, "The Royal Poinciana," being the largest, having a capacity of 900. I wish I could give you a description of this beautiful place. Orange, lemon, coconut and palm trees, magnolias and plants of every character are in abundance. They also have here the most beautiful drives and walks in the U. S. You can not cut a figure at this hotel unless you are a millionaire, and I am informed that there were 200 guests of "The Poinciana," who could count their wealth up into the millions. There were 10 private cars at this place belonging to the Goulds, Rockefellers, Vanderbilts, Morgans and other rich folks.

We had a nice boat ride on the ocean and a plunge also, which were much enjoyed. We left Palm Beach the 12th and after an interesting ride through the great pine apple farms and orange groves and a fine dinner at Rock Lodge, we arrived here today at noon and are comfortably fixed for the night at "The Tampa Bay." I will not undertake to give you a description of this hotel. I could not do so. I will say, however, that it is the largest and most handsomely furnished hotel in the world, the furnishings in the hotel alone costing the enormous sum of \$300,000. I enclose you a bill of fare of our dinner tonight to make your mouth water. We take an ocean trip in A. M. to quarantine station, 25 miles out and leave here the 14th at 8 P. M. Wife and I are well and hearty. J. S. R.

Mr. and Mrs. Rice arrived home Sunday night after their delightful outing charmed with the trip and the many attentions shown them.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, N. Y. dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he had hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Craig & Hoeker, druggists, Stanford, Ky.

MT. VERNON.

School teachers are on the move looking out for positions.

The proposition to place the common school here under the charge of the Collegiate Institute this year is meeting with much encouragement.

J. S. Wilson, who will shortly begin the publication of the Bardstown Tribune, was here a few days since and bought the printing outfit formerly owned by the Republican.

"Ohio (1902) Centennial Toledo," and date of mailing, are the post mark words shown on a letter just received here. This is the first instance we have noticed where Uncle Sam allowed advertising done with his post mark stamps or machines.

Last Wednesday John Mullins, a young man living near Wilde, disappeared and Wm. Hays missed some bank checks. A telephone message Friday said he was at Berea trying to cash a check! He was arrested and brought here by Marshal Preston.

Blythe, the darkey in jail here charged with postoffice robbery, seems to think he outclasses the county prisoners on account of his being a U. S. charge. His fellow prisoners have been making it warm for him by the use of a leather strap. After an unusually hot time a few days since the whole batch were taken to the court room and tried for disturbing the peace. They were acquitted yet sent back to jail.

Ex-Sheriff Moore, Deputy Hopkins, Sid Lovelace, John Pearl, Aus. Reid, J. C. McKee, R. M. Jackson and others were here from London as witnesses in the Wilson trial. Bob Maupin, of the Eastern part of this county, is in jail here on charge of moonshining, is badly afflicted with consumption. John Gentry has returned from Missouri. He will go to work for telephone company. Mrs. Forrester has been quite ill for some days at Miller House. A. Gustavson, the clever Swede, was in from Raspberry Saturday. J. T. Adams and J. E. Houk are in Louisville. Mrs. Georgia Rice was court stenographer in the trial Friday and Saturday. Examining trial of E. K. Wilson, charged with jury wheel tampering, was called Friday, Squire J. N. Brown presiding. The case was warmly contested by both sides. R. L. Ewell, of London, and a majority of the local bar were retained by the defense. County Attorney Colyer and P. F. Stilling for the prosecution. One of the points strongly urged by the defense was that when the jury wheel was left outside the court-house it ceased to be a legal machine and to tamper with it was no offense. The evidence brought out was not strong. Some of the witnesses, it is claimed, didn't aid the prosecution greatly on account of their apparent unfriendliness toward defendant. The case closed at 4 o'clock Saturday afternoon and Wilson was held under \$500 bond. R. R. Ewell waived examination and gave a \$500 bond for next court. There has come somewhat of a change in the sentiment among the people here in regard to Wilson. Many believe that the prosecution, in so far as the murder charge is concerned, has overstepped reason and is being made persecution.
